Subjects.	*Resolutions.*
II. Docket No. 5922—Ml. (266-05)-5 of the 5th instant, enquiring, with reference to Gowramma's petition, why the portion of the petitioner's property measuring 8'×18' that remains after acquiring a portion of the same, *i.e.*, 4'×18' for widening the conservancy lane should not be given over to her.	*Resolved* that the Chairman be requested to inform Government that the locality concerned is highly congested and insanitary, and that the handing over of the remainder of the site to the petitioner for her to build on (as it is known she intends to do), will be most objectionable, and will form a bad precedent when similar cases occur elsewhere. The "Building Bye-law" No. 11 provides that no building is to be allowed in *Extensions* on sites measuring less than 30'×50'. It is not possible to enforce this rule in the City, but the Board consider that they should be allowed discretion in dealing with sites, which, like the one in question, are obviously too small to admit of the erection of a sanitary dwelling.
III. General and Revenue Secretary's Official Memorandum No. 6130—Ml. (309-05)-2 of the 9th instant, forwarding for report a petition from the residents of Dodda Vakkalagere, Mandi Mohalla, Mysore City, about the acquisition of their houses for the construction of an Industrial School, and reply thereto.	Recorded.
IV. Letter dated 11th December 1905, from Mr. A. Lacey, Bangalore, soliciting a trial of one of his patent Septic Tank Latrine at a cost of Rs. 2,537-12-0.	*Resolved* that the Chairman be requested to experiment with one or two latrines on Mr. Lacey's pattern, and report the result to the Board.
V. Application, without date, from merchant Sileman Shooker Sait *alias* Buddu Sait, requesting that a portion of the land belonging to the old Sayer Cutcherry, now demolished, measuring 50' × 110' that remains vacant after using the portion required for the conservancy lane may be sold to him.	*Resolved* that Government may be asked whether there is any objection to the Board disposing of the site.
VI. Disposal of tenders for laying pipes in connection with the water-supply to the New Idiga Extension, direct from the Service Reservoir.	*Resolved* that the contract be given to Fathe Khan, who makes the lowest tender, and who is known to be a satisfactory contractor.

D. SITARAMA RAO,
Chairman.
